TECH SKILLS

- HTML
- CSS
- JavaScript
- React.js
- Next.js
- Node.js
- Responsive design
- Tailwind CSS
- Redux
- Asynchronous Redux
- Express
- MongoDB
- Mongoose

SOFT SKILLS

- Adaptability
- Problem-solving
- Organized
- Self-motivated
- Cooperative
- Diligent
- Flexible

OLEKSANDR SHKUT

FULL STACK DEVELOPER

SUMMARY

I am an intelligent and creative Certified Full Stack Developer with expertise in HTML, CSS, JavaScript, React.js, Next.js, Node.js, and Redux. Demonstrated high-quality code in projects, as well as demonstrated adaptability and collaboration in team projects.

PROJECT EXPERIENCE

Power Pulse GitHub-repository (HTML, CSS, JavaScript, React, Redux, Node.js, Express, MongoDB, Mongoose)

Collaborating with other developers, we built and deployed an application on **React** with **responsive web design**, and **backend on Node.js, Express, MongoDB, and Mongoose.** In this project, **my crucial role included full interaction with the backend by using the Redux Toolkit. Also, I developed sections 'Welcome' page, 'Sign In' page, 'Sign Up' page, 'Products' page, 'Header' component, and private and public routes as well.**

Role: Developer

Responsibilities: 'Welcome' page, 'Sign In' page, 'Sign Up' page, 'Header' component, interaction with the backend by using the Redux Toolkit, private and public routes.

Cinemania GitHub-repository (HTML, CSS, JavaScript, Parcel)

In collaboration with other developers, we created the 'Cinemania' trailer hub. **My responsibilities included assisting team members, troubleshooting, and code reviews, as well as developing sections such as 'Hero', 'Weekly Trends', 'Team Modal', 'White Theme', 'Trailer modal window', and more**. The project was built with **JavaScript, HTML, and CSS**. We successfully engineered and deployed a dynamic website within a one-week timeframe.

Role: Team Lead, developer

Responsibilities: 'Hero', 'Weekly Trends', 'Team Modal', 'White Theme', 'Trailer modal window'.

MIMINO GitHub-repository (HTML, CSS, JavaScript, Parcel)

Using **HTML, CSS, and JavaScript**, in collaboration we successfully developed and deployed this **website with a responsive design**. My role in this project included **troubleshooting, identifying, and resolving issues to ensure smooth functionality**. In my development role, **I created sections such as 'Home-Hero,' 'Home-Header,' and the 'Location section'**.

Role: Team Lead, developer

Responsibilities: 'Home-page'.

Web Studio GitHub-repository (HTML, CSS, JavaScript)

In just one week **as a single developer**, I developed a two-page **responsive website** 'Web Studio', using **HTML, CSS, and JavaScript** technologies and deployed it on GitHub Pages.

Role: developer

Individual project.

EDUCATION

GoIT Academy | Dec 2022 - Nov 2023
Full Stack Developer
Throughout my **11-month IT Academy program**, I gained proficiency in **HTML, CSS, JavaScript, React.js, and Node.js** and became a certified Full Stack Developer. This foundation enables me to create applications with responsive design and backend.

CERTIFICATES
Certificate of completion course Full Stack Developer
Certificate of completion of the FAST IT & Data Services module
Career Essentials in Software Development by Microsoft and LinkedIn

WORK EXPERIENCE

Cowichan Woodwork Ltd. | Oct 2022 - Jun 2023
CNC Machine programmer

- Programmed CNC machines and performed servicing.
